Technical Data Sheet

PRODUCT NAME:	PART #:	PACKAGE:
Leather Conditioner	**58-QT**	12 - 32 oz.

PRODUCT CATEGORY:	COLOR:	SCENT:
Dressings & Protectants – Water Based	White	Leather

PRODUCT DESCRIPTION:
Leather Conditioner cleans and conditions all leather surfaces. This non-greasy formula can be used to both remove light soils from leather and to revive hardened or tired leather back to its original feel. VOC Compliant.

DIRECTIONS:
Test on an inconspicuous area first to check for any appearance change. Apply directly onto leather and wipe into surface with a soft, clean cloth. For seams and trim, use a detail brush to lift dust, dirt and debris from any hard-to-reach areas prior to applying. Add more product to increase the size of the treatment area. After complete coverage has been achieved, wipe off any excess material

SURFACE APPLICATIONS:
For use on leather, vinyl, and plastic seats and upholstery.

ADDITIONAL USES:
Safe for use on boats, motorcycles, ATV's, and RV's or any leather or vinyl surfaces.

HELPFUL TIPS:
For extremely soiled surfaces wrap a towel around a soft bristle brush and agitate Leather Conditioner. Wipe clean with a damp cloth.

SAFETY & HANDLING:
Safety Data Sheets can found online at automagic.com
Use personal protection equipment when using chemicals.
